

# Do you own a home, small business or church in Long Beach?

Cities across California use eminent domain to condemn and seize perfectly fine homes, businesses and churches to give to private developers. Eminent domain is supposed to be used for public use, things like roads and schools - not luxury condos and upscale retail.

The City of Long Beach recently renewed its power of eminent domain in North Long Beach. There are three other similar active areas (see reverse).

Whether or not you live in one of these areas, it is critical that you learn how you can protect your home, small business or church.

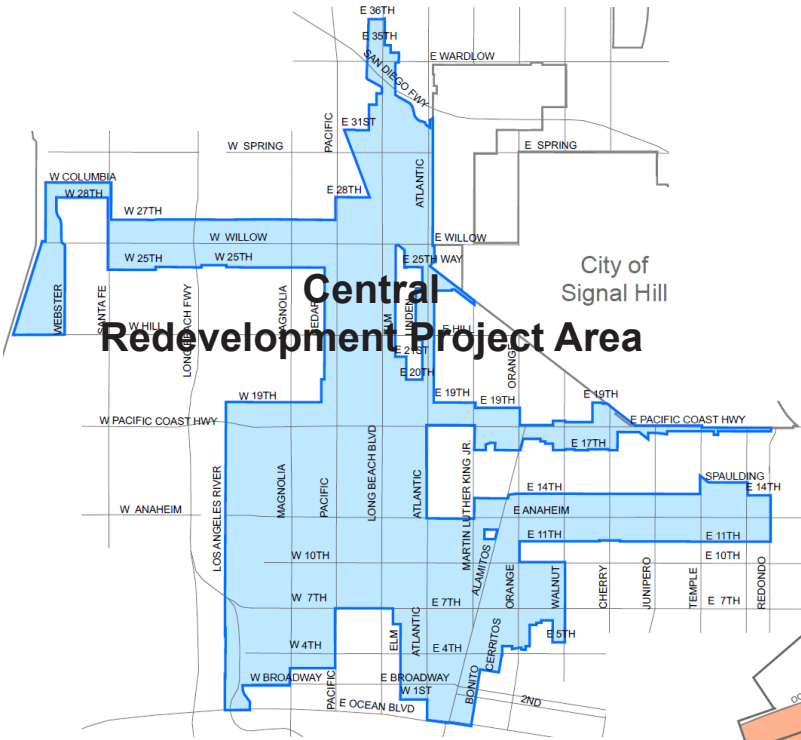

**Join Long Beach Citizens Against Eminent Domain Abuse  
and the Institute for Justice this**

**Tuesday, March 30 @ 7pm**  
**Glad Tidings Church • 1900 E. South Street**  
**to learn how you can help change Long Beach's law so**  
**what *you've* worked so hard to own can't be condemned**  
**for wealthy developers.**

Free refreshments and materials will be provided.
